PROFILE

Dedicated and motivated second-year Cybersecurity undergraduate with a strong foundation in information security principles and emerging technologies. Committed to apply academic knowledge in practical environments while continuously developing technical, analytical, and problem solving skills. Demonstrates strong communication, teamwork, and adaptability through active participation in collaborative projects and learning initiatives.

PROJECTS

Web-Based Dental Management System

[JULY 2025 – OCTOBER 2025]

- Technologies and Tools: Java (Spring Boot), SQL Server Management Studio, IntelliJ IDEA, HTML, CSS, JavaScript
- Developed a web-based system to manage patient records, appointments, and clinic operations efficiently.
- Improved workflow by implementing scheduling and organized data management features.

Loan Prediction System

[AUGUST 2025 – NOVEMBER 2025]

- Technology and Tools: Python, TensorFlow, Pandas, Google Colab, Scikit-learn, Matplotlib
- Developed a machine learning model to predict loan approval based on user financial data.
- Used data preprocessing and algorithms to improve prediction accuracy and support decision-making in loan evaluation.

Online Appointment Scheduling System

[FEBRUARY 2025 – MAY 2025]

- Technologies and Tools: Java (Spring Boot), IntelliJ IDEA, HTML, CSS, JavaScript
- Built a web-based bookstore application using Java and OOP principles to manage books, users, and transactions.
- Implemented CRUD operations, file handling, and custom data structures (Linked List) for efficient data management

Water Tank Monitoring System

[JULY 2024 – OCTOBER 2024]

- Technology and Tools: Arduino, Embedded C, Bluetooth Module (HC-05), Mobile Application, Arduino IDE
- Developed an Arduino-based home automation system to control lights and electrical devices using a mobile application via Bluetooth.
- Implemented real-time control features to improve convenience, energy efficiency, and smart home functionality.

EDUCATION

Undergraduate B.Sc. (Hons) in Information Technology Specializing in Cyber Security - Sri Lanka Institute of Information Technology (SLIIT).

2024 - Present

G.C.E A/L Kegalle girl's college.

2021 - 2023

G.C.E O/L Kegalle girl's college

2020

SKILLS

Technical skills

Java | C | Python | HTML | JavaScript | CSS | SQL | R | AI | OOP

Soft skills

Teamwork | Time Management | Problem solving | Adaptability

Certifications

- 2025 Certificate in python Centre for Open & Distance Learning (CODL) – University of Moratuwa
- Cisco Network Academy Introduction to Cybersecurity | June 2026

Gained foundational knowledge of cybersecurity principles, cyber threats, network security, and security best practices.
